THE VALLEYS
CARE HOME

Dear Relative

As we are now in Tier 5 we can no longer offer Lateral flow testing for visitors. Visits can still go ahead where the resident and visitor are separated by a substantial screen / secure pod without the need for testing, all infection control and social distancing measures still remain critical in all spaces in and around the care home.

Visits will need to be booked in via our booking in system through the office. Please contact reception on 01724 854863 to arrange a visit.

Julia Buck
Home Manager
